

WOMAN AIR DERBY FLYER IS KILLED

Dr. Snook Sentenced To Die in Electric Chair November 29

HOME TOWN STUFF

As a usual thing it is much safer to brag on what you are going to make out of your children while they are young, because the older you and they become, the less certain you are of being able to direct their careers.

Another picture post card comes to the writer of this column. This one is from Prof. W. T. Lofland, only he doesn't like to be called Professor, who is spending the summer in Boulder, Colo., doing some post-graduate work in the University of Colorado. Mr. Lofland is superintendent of our city schools. He writes that there are quite a number of Vernon people in Boulder and almost too many Texans to count. Boulder must be a wonderful place for a summer outing, but it must be awful to have to attend school in summer and have other people coming to your school in winter.

Mr. and Mrs. Grady Shipp have returned from Evanston, Ill., which is a suburb of Chicago, which is the county seat of Cook or Cook County. This double-barreled spelling is put in for the benefit of a person who recently criticized the spelling of Cook County. H. T. doesn't recall which way he spelled it, but who ever this was that complained said it was wrong. It would be easy enough to turn to a map or a postal guide and find out the correct spelling, but this weather is entirely too warm to bother with such details. The thing to do is to spell it both ways and let the customers have their choice.

But this started out to be a write-up of the trip from which Mr. and Mrs. Shipp returned only yesterday. They were in Evanston in order that Mr. Shipp might attend a school, conducted at Northwestern University, for the purpose of training executives for chambers of commerce and trade associations. It seems that in this day and time all the professional people, except editors and plumbers, have a sort of summer clinic. There may be reason for editors and plumbers not having them. Editors would be too poor financially to attend and plumbers just naturally know their stuff without going to summer school.

Mr. Shipp has been attending these summer school sessions for the past several years and this year he was supposed to be a senior and graduate, receiving a diploma certifying to his proficiency. No doubt he graduated all right. Most people graduate who really try. This is the first year, however, that Mr. Shipp took his wife with him. Heretofore he went alone to Chicago. He said yesterday that this year's school did more constructive work and paid more attention to business than any previous school he had ever attended. Maybe it just seemed that way to him.

Some one has expressed some curiosity as to why this column has had nothing to say about the Sunday school baseball league since the Baptists won the pennant. The truth of the business is that H. T. lost interest in the pennant race along about the second inning of the last game. It has been too busy since then to write anything about it. It was downright tiresome the way the Baptists kept on making tallies. One good lady, who is a member of the Baptist Church, said she wondered if the Baptists and Presbyterians didn't arrange the outcome before the series started. This smacks of a frame-up, which this column is inclined to dismiss as being without foundation. After looking over the two teams in action it was clear that the Baptists were inclined to take advantage of technicalities in the rules. For instance, after two were out, they wouldn't stop making runs, and then there wasn't a single one of them that refused to take first base when

DEFENSE PLEA FOR NEW TRIAL IS OVERRULED

Doctor Hears Death Pronouncement Without Tremor and Leaves Courtroom Calmly—Is Taken to Cell in Death Row to Await Execution.

Courthouse, Columbus, Ohio, Aug. 20.—(P)—Dr. James H. Snook was sentenced to be electrocuted on November 29 for the killing of his co-ed sweetheart, Theora Hix, by Judge Henry L. Scarlett today after a motion for a new trial had been overruled.

Looking the judge squarely in the eye, the former professor heard the pronouncement of death without a tremor. A bailiff laid his hand on the doctor's arm as if to support him, but it was unnecessary.

Dr. Snook never returned to the chair from which he had arisen to receive the sentence. As he turned away from the judge's bench, a sheriff was waiting, and he was taken to a waiting automobile and whisked to the penitentiary where he was lodged in a cell in death row.

Judge Scarlett passed sentence after he had overruled a defense motion for a new trial. Given an extra day in which to obtain affidavits to support a charge of prejudice on the part of "one or more" members of the jury when the original hearing on the motion came up yesterday, E. O. Ricketts of defense counsel announced today the affidavits were not yet in hand. Ricketts indicated the defense desired to make no arguments, and the court, with an announcement that no more time would be given, promptly overruled the motion. Ricketts recorded an exception.

TWO FREEZE TO DEATH IN STORM

YOUNG WOMAN AND ARTIST SUCCUMB TO BLIZZARD IN WASHINGTON

Bellingham, Wash., Aug. 20.—(P)—A party headed up the slopes of Mount Shuksan, near Mount Baker, Wash., today to recover the bodies of Miss Thelma Martin, Seattle librarian, and K. Furuya, Portland, Ore., artist, who perished in a summer blizzard Sunday.

News of the tragedy reached here after Miss Ella McDowell and Herman Wunderling, both of Seattle, were found suffering from exposure at the edge of a cliff on the side of the mountain. They had been with Miss Martin and Furuya and had attempted to make their way back to civilization after the two latter had frozen to death.

The two women and Wunderling left Chain Lake Camp early Sunday and encountered Furuya, an expert mountaineer, who offered to lead the others on their ascent. Shortly after the blizzard struck, Furuya showed signs of weakening and in a few hours had given up completely. While his companions tried to revive him, Miss Martin collapsed, and both froze to death.

Grief stricken and harassed by chilling winds and blinding snow, the two remaining climbers attempted to make their way back to the camp. Their night efforts failed and searchers found them dangerously near the edge of the cliff just before dawn yesterday.

BOMB WRECKS TIRE SHOP IN SUBURB OF CHICAGO

Chicago, Aug. 20.—(P)—A bomb exploded in the doorway of Johnson's tire shop in Evanston last night, marking the first bombing in the north shore suburb in 10 years.

Tourists Expected.

Monterrey, Mexico, Aug. 20.—(P)—Arrival of a party of more than fifty tourists from Texas in airplanes is expected here Sept. 1, coincident with the arrival of Pascual Ortiz Rubio, National revolutionary party presidential nominee who is on a campaign trip. Advice has been received from San Antonio that the party is coming here on a good will tour.

The umpire called four balls. But it is not new for H. T. to back a losing crowd. Let's drop this matter of Sunday school baseball. The season is closed.

GRAF ZEPPELIN GROOMED FOR HOP ACROSS PACIFIC

Tokyo, Aug. 20.—(P)—The Graf Zeppelin, conqueror of one ocean and two continents, was preened today for conquest of another ocean and another continent and completion of its round-the-world trip.

Lodged safely within the Giant German-constructed hangar at Kailmagura, the giant dirigible was gone over carefully by workmen, who again tested its fabric, restarted motors and listened to their hum and sought possible weaknesses which may have developed on its flight across Europe and Asia.

Thursday at dawn, (Wednesday mid-afternoon, E. S. T.) barring adverse weather or other contingencies, the Zeppelin will be taken from the hangar and started on the third lap of its globe encircling cruise from Tokyo to Los Angeles, across the Pacific north of the Hawaiian group, down the American coast from Seattle, a distance of about 5,470 miles.

The same crew of 40 will be aboard that made the start at Friedrichshafen, but four of the passengers brought here from the dirigible's Lake Constance home will quit the craft, leaving but 16 of the original passengers. The sailing list may be filled at this port.

Passengers and crew, freshened by a long sleep last night at Tokyo hotels, spent today sight-seeing and accepting the entertainment of Japanese hosts who outdid themselves for their guests from America and western Europe.

OIL PRODUCTION GAINS FOR WEEK

MANY FIELDS REMAIN NEAR STATIONARY, BUT OTHERS GAIN

Tulsa, Okla., Aug. 20.—(P)—Crude oil production in the United States for the week ending Aug. 17, was, in most fields, almost stationary as compared with the production for the preceding week of August 10, according to figures compiled by the Oil and Gas Journal, but gains in a few fields were sufficient to send the grand total for the United States 26,516 barrels higher. Light oil showed a total increase for the nation of 31,646 barrels, but heavy oil fell off 5,131 barrels.

The Mid-Continent total production of light oil showed an increase of 5,632 barrels, while heavy oil production in this area fell off 120 barrels, the figures for the week of Aug. 17 being 1,588,838 barrels and 52,615 barrels, respectively in the Mid-Continent.

Oklahoma fields, producing light oil only, fell off exactly 600 barrels during the week, as compared with the previous week's mark of 723,670 barrels.

The Texas Panhandle area showed a gain of 11,000 barrels and California light oil production was up 21,000 barrels, though the heavy oil from that field dropped 2,000 barrels.

The total United States production for the week ending Aug. 17 was 2,960,296, as compared with 2,933,781 barrels for the preceding week.

EIGHTEEN SOLDIERS MEET DEATH IN BIG EXPLOSION

Bucharest, Aug. 20.—(P)—At least 18 soldiers were killed and two wounded when an immense amount of ammunition in the old Fort Momestil, near here, blew up last night. Inasmuch as there were many workmen in the building, it was believed the casualty list might be much smaller.

Constant smaller explosions followed the initial blast, and no one dared to approach the site within two miles. The population nearby was panic stricken.

Spontaneous combustion was believed responsible.

Monestil is located about four miles from the royal summer palace at Cotriceni, a former monastery.

PAVING WORK IS RESUMED ON HIGHWAY NO. 28 AFTER 4-DAY SUSPENSION CAUSED BY STRIKE

Paving work was resumed today on Highway No. 28 about four and a half miles southwest of Vernon after a four-day shutdown caused by a strike of owners of trucks hauling materials. About twenty trucks were in operation this morning and Clyde McClung of the McClung Construction Company, contractors, declared that a sufficient number to meet state requirements would be available henceforth.

Three officers were on duty at the scene of the paving operations "to prevent trouble," but no difficulty was anticipated and none was experienced during the morning. None of the strikers put in appearance, and operations went forward smoothly.

The strikers presented a much less organized appearance this morning. The line of trucks that has almost surrounded the courthouse square during the four days of the strike had dwindled to hardly a dozen vehicles. Strikers that are left still maintain they must have their pay, and that they could not make expenses on the wage scale of the company, but they admit plans for legal action have been dropped. A number of the truck owners have left the city, some returning to their homes and others seeking other jobs, and those still standing by their demands insist that some have returned to work on the job here, although Mr. McClung says no strikers have been re-employed.

Mr. McClung, in conversation with County Judge J. V. Townsend and County Engineer John B. Nabers this morning, defended his company's system of payment. The tickets issued for work at the local office, which the truck owners complained caused unnecessary delay because they had to be sent to Fort Worth to be cashed, are accepted at face value by local oil and gasoline dealers for truck necessities, the contractor declared. If the men must have cash, the tickets will be cashed at a 5 per cent discount by a local bank.

No tickets more than seventeen days old are outstanding at the present time, the contractor said in denying that any of the truck

(Continued on page 2)

WAR VET SLAYS BENEFACTRESS

BROODING OVER IMAGINARY WRONGS IS CAUSE OF STABBING

San Francisco, Aug. 20.—(P)—Brooding over an imaginary wrong, Davis Lizarrago, 35, shell shocked war veteran, stabbed to death his benefactress, Miss Eggle Ashmun, 34, yesterday as she talked with him in front of the offices of the American Red Cross of which she was executive secretary.

Scores of persons saw Lizarrago plunge a knife in the woman's throat and then flee through the crowded streets. He was captured and was taken to prison.

Miss Ashmun, a world war nurse and a Red Cross worker since 1918, died five minutes after her assassin struck.

Lizarrago has signed a confession admitting the killing.

Police learned Lizarrago was obsessed with the idea that he was being robbed by the Red Cross which handled his disability compensation. He had been in the state hospital for insane. Miss Ashmun had befriended the veteran at various times.

ONE DEAD AND TWO HURT IN CRASH OF AIRPLANE

Seattle, Wash., Aug. 20.—(P)—Chester Minear, 30, was killed, and his cousin, John Minear, pilot, and Warren Hall, another passenger, were injured dangerously, last night, when an airplane went into a tail spin and fell in a mud flat at the edge of Puget Sound.

The pilot and Hall, each suffered a broken leg.

FEES AT FORT WORTH PROBED

EFFORTS MADE TO SHOW ATTORNEY MAKES \$20,000 YEAR

Fort Worth, Aug. 20.—(P)—Attempt was made today by the joint legislative committee investigating the Texas fee system to show that the estimate of District Attorney R. A. Stuart on the earnings of his office was too low. Stuart testified the office received from salary and fees between \$12,000 and \$15,000 annually.

The committee, of which Senator Pink L. Parris, of Lubbock, is chairman, declared that previous testimony in the filing of delinquent tax suits pointed to an amount larger than this.

W. E. Yancy, County Auditor, and R. E. Neely, district court, both of whom testified at yesterday's session, were recalled.

Yancy said that of the 18,000 delinquent tax suits filed yearly he estimated 95 per cent of them to be valid and collectable. Senator Walter Woolf, member of the committee, said he believed this estimate too high. One member of the committee declared he estimated \$20,000 was nearer the amount received.

Neely testified he did not believe any Tarrant County officer ever had made \$20,000 a year.

Mrs. Willebrandt Sued for Damages for News Stories

St. Louis, Aug. 20.—(P)—Mrs. Mabel Willebrandt, former assistant United States Attorney, and the current News Features Company were named defendants in a \$1,000,000 libel suit filed here yesterday by Gus O. Nations, former chief of the St. Louis Federal prohibition unit.

Nations has tied up funds due the feature service and Mrs. Willebrandt from the St. Louis Post-Dispatch, which has published her articles on prohibition and enforcement.

Nations charges the articles were intended to make the public understand he while in office had been guilty of official misconduct.

LINDBERGH TO FLY FIRST PLANE OVER NEW ROUTE

New York, Aug. 20.—(P)—Colonel Charles A. Lindbergh will pilot the first plane on a 1,240-mile extension of the Pan American Airways line to South America, J. T. Tripp, president of the line, has announced. He will fly from Miami to Paramaribo, Dutch Guiana, on September 20 to inaugurate the new route.

JAPAN ENVOY TO SEEK VIEWS ON DISARMAMENT

Tokyo, Aug. 20.—(P)—Captain Saburo Sato of the naval affairs bureau has been ordered to proceed to London for the purpose of exchanging views on disarmament questions with Tsuneo Matsudaira, Japanese ambassador in London.

Body Cremated.

Hamburg, Aug. 20.—(P)—The body of Frank Van Der Stucken, noted American music director and composer, who died here on Friday, was cremated today at Oldsford in the presence of several members of his family. Mr. Van Der Stucken, born in Texas in 1858, was particularly well known in Cincinnati, Ohio, where he conducted for a long time the May festivals.

A Flyer at 18

NEA Fort Worth Bureau

Margaret Thomas, above, of Fort Worth, Texas, is small and pert and red-headed and, as the instructors at the Texas Air Transport flying school say, "a natural-born flyer." She met every requirement for a commercial flying license but can't get one until she's 18 next March. She expects to get a transport license, which requires 200 hours of solo flying.

SUN GOD SAILS OVER MONTANA

ENDURANCE PLANE HOPS OFF ON FLIGHT FOR HOME PORT

Miles City, Mont., Aug. 20.—(P)—The airplane "Spokane Sun God" piloted by Nick Mamer and Art Walker, on an attempted trans-continental non-stop round trip flight, left here presumably toward Spokane at 5:15 a. m. (mountain time) today after several hours before departing because of poor visibility caused by forest fires to the westward.

The plane arrived here from Aberdeen, S. D., at 9:50 o'clock last night on the way to Missoula, but the pilots decided not to continue the trip because of poor visibility resulting from smoke from forest fires and haze.

Frank Wiley and Tom Mathews, local flyers, were called on to refuel the Sun God. Neither has had experience in flying a refueling ship, but Mamer and Walker dropped notes explaining the task.

The pilots also dropped a note asking that their regular refueling plane which was to have met them in Missoula proceed to Belgrade.

MISSISSIPPI ATTORNEY GENERAL RESIGNS POST

Jackson, Miss., Aug. 20.—(P)—The impeachment of Attorney General Rush H. Knox, under fire for the past two months, was at an end yesterday and accepted by Governor Theo G. Bilbo. The resignation came yesterday after the House of Representatives impeached him on a charge of high crimes, misdemeanors and malfeasance in office in connection with alleged illegal collection of fees in tax cases.

U. S. DEPUTY CHARGED WITH ASSAULT ON GIRL

Wichita Falls, Aug. 20.—(P)—J. L. Bartlett, United States deputy sheriff was at liberty on \$4,000 bond yesterday following his arrest yesterday on charges of attempted assault preferred by a young girl. The girl's father told county authorities the incidents occurred Aug. 10 in Bartlett's office.

PLANE ATTAINS SPEED OF 350 MILES AN HOUR

Calshot, England, Aug. 20.—(P)—Flying officer Atcherley made a trial flight today in the supermarine S 6 Schneider cup entrant and attained a speed which experts estimated at somewhere between 320 and 350 miles an hour.

Held In Killing.

Borger, Aug. 20.—(P)—"Blackie" Moore, alias Guy Greer, 22, was remanded to jail without bond to await action of the October grand jury after a preliminary hearing in connection with the fatal stabbing of Homer L. Brown, 22, of Cedar Hill, Texas.

OCEAN FLYERS UNSIGHTED FOR 24 HOURS

(By the Associated Press)

Unsighted for almost 24 hours at noon today two youthful Swiss flyers were due at Roosevelt Field late this afternoon if the perils of the hazardous westward crossing of the North Atlantic did not bring them down short of their goal.

Leaving Lisbon early yesterday, Oscar Kaeser and Kurt Luescher were seen flying over the village of Praia Victoria on the island of Terceira at 1 o'clock Eastern Standard Time yesterday afternoon.

Silence then enveloped their exploit, and through the night and the morning hours no word was heard of them, although several ships were steaming along the course they planned to follow. The American coast was shrouded in fog.

At the speed the Swiss flyers had maintained up to the Azores they should have reached Newfoundland about 4 o'clock this morning and Halifax, N. S., at 10. It had been their plan to refuel at Halifax if their gas was low, but they had said that if the supply was sufficient they might decide to proceed to New York without landing.

PLAINVIEW MAN SLAIN ON TRAIN

BRIDGE STEEL CRUSHES HIS HEAD AS COMPANION LEAPS TO SAFETY

Carrollton, Texas, Aug. 20.—(P)—Sam B. Moore, 19, of Plainview, Texas, was killed instantly aboard a freight train at Meadows, near here, last night.

Moore and Jack Ryan, a companion, had boarded the train at Dallas and were riding on a car loaded with bridge steel. At Meadows the steel slipped, and Moore's head was crushed. His companion jumped in time to escape injury.

The body was taken in charge by a Carrollton undertaker, but later it was transferred to Grapevine. It will be sent to Plainview tonight.

Moore is survived by his widow and a two-months-old daughter.

REGENTS MEETING TO NAME ATHLETIC STAFF

Austin, Aug. 20.—(P)—The University of Texas regents were in session here today to name the athletic staff of the university.

With the nomination of Clyde Littlefield, head football coach, already confirmed, others whose retention was practically assured were Fred Walker, basketball coach; Marty Karow, assistant football coach; and C. J. Alderson, freshman coach.

L. T. Bellmont, former director of athletics, will be retained as director of physical education and Wiley Glaze will be reappointed business manager of athletics.

THREE BOYS DROWNED IN SUNDAY SCHOOL OUTING

Caribou, Maine, Aug. 20.—(P)—Three boys, members of a Sunday school class of 13 from Colby, near here, who started out on a camping trip yesterday were drowned in Little Adawaska Lake last evening. They were Albert Thomas, 15; Horace Skidgie, 13, and Leonard Skidgie, 15.

BODY OF WOMAN FOUND IN CREEK IS IDENTIFIED

Dallas, Aug. 20.—(P)—The body of a woman, found in a creek here Sunday, has been identified by friends as that of Mrs. Ellen Koonce Elliott, 69, widow of a former San Antonio judge. Mrs. Elliott had been acting as a governess for some time. A verdict of suicide was returned.

DAUGHTER OF BRYAN IS GIVEN CALIFORNIA DIVORCE

Los Angeles, Aug. 20.—(P)—Mrs. Grace Hargreaves, daughter of the late William Jennings Bryan, has been granted a divorce from Richard L. Hargreaves, Beverly Hills, Calif., banker, on grounds of cruelty. A property settlement "in excess of \$10,000 value" was made for Mrs. Hargreaves, who also was given custody of their four children.

MISS CROSSON LOSES LIFE IN 'CHUTE JUMP

Body Found Some Distance From Wrecked Plane With Parachute Released But Unopened—Other Planes Take Off From Phoenix.

Phoenix, Ariz., Aug. 20.—(P)—The body of Miss Marvel Crosson, San Diego flyer reported missing last night when other entrants of the women's air derby from Santa Monica, Calif., to Cleveland, landed here, was found early today six miles north of Wellton, Ariz.

The body was found some distance from her wrecked plane, her parachute released but unopened. The searching party which found the body said it was apparent trouble had developed and she had leaped in an attempt to save her life.

Miss Crosson was flying from San Bernardino to Phoenix, Fear for her safety had been expressed upon her failure to arrive and searching parties were sent out when residents of the Wellton area reported seeing an airplane plunge into a heavy cottonwood growth along the Gila River.

Miss Crosson was one of the most (Continued on page 2.)

MAN'S BODY IS FOUND AT WINK

OFFICERS TRY TO IDENTIFY BODY DISCOVERED BY YOUNG BOYS

Wink, Texas, Aug. 20.—(P)—Authorities here are seeking to identify the body of a man found in the Gulf tank farm yesterday by boys hunting rabbits.

A bank book in one of the man's pockets was made out to W. H. Douglas by a Big Spring bank.

The throat was slashed three times and a razor, closed and in its case, lay about four feet from the body.

Death apparently occurred Friday or Saturday.

SHIP DELAYED FOLLOWING FIRE DAMAGE OF \$117,000

Havre, France, Aug. 20.—(P)—Sailing of the French liner Paris, set for this afternoon, was cancelled today after fire last night ate into its sumptuous interior and damaged it to the extent of \$3,000,000 francs (about \$117,000).

More than 1,900 Americans booked for passage to New York on the liner will have to delay their crossings, most of them for a week or more, since other available steamers have full sailing lists.

HEARING POSTPONED ON TEXAS BANK FAILURE

Belton, Texas, Aug. 20.—(P)—Hearings in the application of depositors in failed banks to restrain the State Banking Department from refunding the portion of the old state bank guaranty fund still in the state's hands have been postponed indefinitely. The depositors requested a postponement yesterday when the case was called in district court here. No date was set for the hearing.

SOLDIER KILLED IN ROW WITH MEXICAN POLICE

Mexico City, Aug. 20.—(P)—A dispatch to El Universal from San Pedro, Coahuila, says one soldier was killed and one wounded in a running fight with police there. The soldiers are alleged to have been intoxicated and to have resisted the police when the latter attempted to arrest them.

GERMANY ASKS DISCUSSION OF DEBT ISSUES

The Hague, Aug. 20.—(P)—Foreign Minister Stresemann of Germany has written Premier Jasper of Belgium asking him to call the six big powers together to consider what shall be done regarding reparations payments if the Young plan is not adopted before September 1.

PREMIER STUDYING MESSAGE RELATIVE TO DISARMAMENT

London, Scotland, Aug. 20.—(P)—The Press Association today quoted Premier MacDonald as stating he was studying a message from Washington which he discussed with Ambassador Dawes yesterday regarding the disarmament conversations.

The Premier was quoted as follows: "General Dawes came up to exchange views with me upon a message from Washington which I am studying. It marks a distinct advance in our conversations."

Miss Crosson--

(Continued from page 1)

colorful of the woman pilots who took off from Clover Field Sunday to compete in the \$25,000 race. She was 25 years old.

From early girlhood Miss Crosson was fascinated by aviation. She took up active flying with her brother, Joe, in 1922 at San Diego, Calif., with a plane purchased from surplus army stocks. In the spring of 1923 she made her first solo flight, and, developing rapidly as an expert pilot, entered the commercial aviation field.

Mrs. Claire Fahy of Los Angeles, forced down at Calexico, Calif., by motor trouble, declared the center section wires of her plane snapped as she swooped down toward the port there. Her husband, Herbert Fahy, Los Angeles test pilot, who flew to her assistance, declared the wires had been weakened by acid.

Theresa Rasche, German aviator, was forced down at Holtville, Calif., east of Calexico. Blaming her misfortune on "dirty gasoline," Miss Rasche showed newspapermen a telegram from a friend warning her to "beware of sabotage."

May Hixlip, Kansas City entrant, who left San Bernardino a day late with the consent of the other women because her plane did not arrive in time, landed last night at the lighted airport at Mexicali, across the international border from Calexico, Calif. She announced she would continue in the race.

Mary Elizabeth Von Mack of Detroit, who landed Sunday at Montebello, Calif., on the first leg of the flight when she became confused, caught up with the parade last night. Her plane was in the starting lineup from Phoenix today.

A fifth, Bobbie Trout of Los Angeles, smashed her landing gear in a forced descent at Algodones, Mexico, south of Yuma. Whether she would continue was uncertain.

Other comparatively minor misfortunes overtook various members of the flight. Opal Kunz, New York, blown off her course, landed at Prescott, Ariz., but ascended again and reached Phoenix two hours behind the leaders.

Amelia Earhart of Boston was leading the field at the Yuma control station but damaged her propeller in landing and lost 30 minutes in repairs. The delay did not affect her elapsed time standing, however.

WANTED—Trade us your old oil stoves and coal heaters, for something you need—Will give you a good trade as we need them.

COMMISSION FROM TEXAS VIEWS NEW JERSEY PEN

Trenton, N. J., Aug. 20.—(P)—Ten members of the Texas legislative prison commission inspected the New Jersey state prison and the state hospital for the insane here today. The commission brought a letter of introduction from Governor Dan Moody to William J. Ellis, New Jersey's commissioner of institutions and agencies.

W. C. Weir, head coach of athletics of Vernon High School, and family, and Assistant Coach Ralph Binnion, returned this morning from Evanston, Ill., where Mr. Weir and Mr. Binnion have been attending the Northwestern University summer coaching school. They have been at the university since August 5.

EXPERTS STUDY DEBT PROBLEMS

TWO REPORTS ON ISSUES RAISED BY ENGLAND NOW IN SIGHT

The Hague, Aug. 20.—(P)—The reparations experts, who worked until after midnight in an effort to reconcile conflicting estimates of the yield in money of the four-power offer to Great Britain, were hard at work again today.

What has developed thus far indicates there will be two reports on this problem. The experts of the four powers will support the contention of France, Italy, Belgium and Japan that they offered sixty per cent at least of the amount demanded by Philip Snowden, British chancellor of the exchequer. The British treasury men, on the other hand, will uphold the chancellor's claim that the offer amounted to no more than twenty to thirty per cent of what he demanded.

All of the experts are frankly worn out by their mission. Premier Briand of France has made all arrangements to go home Saturday before leaving for the league of nations assembly while Arthur Henderson, British foreign secretary, and Gustav Stresemann, German foreign minister, must leave soon in order to prepare for the league meeting.

Paving Work--

(Continued from page 1)

owners have been working 45 days without having been paid. Money was issued for all July tickets on August 15, according to the custom of the company of paying all tickets for each month on the fifteenth day of the following month. August tickets will be cashed on September 15, the contractor said.

The striking truck owners have been demanding a pay day, declaring some of them have been working 45 days without having been paid. They expressed themselves as dissatisfied with the system of payment which necessitated so long a delay. One of them this morning explained that truck owners are not wealthy, or they would not be working on a job of that type. To continue operating they must be paid regularly, he said, adding that to cash the tickets issued at a 5 per cent discount meant a further reduction in their income which he termed already inadequate to meet expenses. They struck for an increase in pay, asking a raise from four and a half cents a quarter of mile to 30 cents for the first quarter and five cents for the remaining quarter.

Some of the strikers this morning admitted that their walkout apparently had failed. Their pumber has dwindled until the remaining ones can hardly afford to employ counsel to fight for their claims in court, and paving work is going forward, with trucks playing steadily back and forth between the company's sand and gravel loading site northwest of town and the scene of the paving operations, while their own trucks remain idle. Asked what they expected to do, the strikers frankly admitted having no plan.

Mr. McClung this morning expressed confidence that work would go forward now without interruption. Most of the truck owner's now employed came to Vernon yesterday from Central Texas, and are former employees of his company, he said. They will give no trouble, he asserted, again attributing the strike to agitators who would not be satisfied with any price.

Two HURT, ONE ARRESTED AFTER AUTOMOBILE WRECK

Denton, Texas, Aug. 20.—(P)—Frank Ganna was near death in a hospital here, Mrs. Nell McQuiddy was in the same hospital for treatment of deep cuts and bruises, and R. I. McQuiddy was in jail charged with transporting liquor and driving while intoxicated as the result of an automobile accident on the Denton-Gainesville highway near here last night. All three gave Maude, Okla., as their home.

The accident was caused by the automobile striking the abutment of a concrete culvert.

The car was demolished, and a bulldog in it was killed.

NEGRO FACES CHARGE IN SHOOTING OF FOREMAN

Corpus Christi, Texas, Aug. 20.—(P)—Charges of assault with intent to murder were filed against Ollie Holmes, negro, today in connection with the shooting last night of J. E. Thompson, farm foreman, near Kerens.

Holmes and Thompson were reported to have had an argument yesterday after Holmes had quit work before time. Thompson suffered a bullet wound in the wrist and a gun was struck over the head with a gun.

COMMISSION FROM TEXAS VIEWS NEW JERSEY PEN

Trenton, N. J., Aug. 20.—(P)—Ten members of the Texas legislative prison commission inspected the New Jersey state prison and the state hospital for the insane here today. The commission brought a letter of introduction from Governor Dan Moody to William J. Ellis, New Jersey's commissioner of institutions and agencies.

W. C. Weir, head coach of athletics of Vernon High School, and family, and Assistant Coach Ralph Binnion, returned this morning from Evanston, Ill., where Mr. Weir and Mr. Binnion have been attending the Northwestern University summer coaching school. They have been at the university since August 5.

Papal State Issues Its Own Postage Stamps

It was a significant day for the Vatican, and a gala day for philatelists when the Papal State issued in its own right several denominations of postage stamps. Pictured at the right is the mailing of the first letter at the Vatican "post office." Above are slightly enlarged reproductions of three of the new stamps, which were eagerly sought by collectors from all over the world.

SENATE CUTS HOUSE TARIFF

TOTAL REVENUE REDUCED \$41,000,000, SMOOT ESTIMATES

Washington, Aug. 20.—(P)—Chairman Smoot of the Senate finance committee today estimated the total revenue likely to be derived from the tariff rates proposed by that committee was \$205,490,469 as compared with \$246,490,469 under the House bill and \$516,512,896 under existing law.

GERMANY-RUSSIA-JAPAN AIR SERVICE PLANNED

Berlin, Aug. 20.—(P)—The Graf Zeppelin's flight from Friedrichshafen to Tokyo today brought forth a \$20,000,000 project for regular German-Russian-Japanese air service with terminals in each of the three countries. It was announced plans for the scheme had been completed.

Captain Walter Bruns, executive secretary of the aeronautic society and head of an international committee studying the development of international air traffic, said today the European terminal of the Asiatic line would be in Berlin. The Asiatic terminal is placed somewhere between Yokohama and Kobe.

The venture calls for a possible later extension of the service over the Aleutian Islands to Vancouver and San Francisco.

SUNDAY SCHOOL TEAM TO PLAY THALIA HERE TODAY

The Vernon Sunday School All-Stars will meet the Thalia baseball team this afternoon on the City Park diamond, according to an announcement by W. B. Smith, temporary manager of the Vernon team, this morning. The Vernon club grew out of the Sunday School League which existed through the summer until last Friday. The team's first game was lost to Quannah last Sunday when the Quannah home took a 10 to 6 victory on home ground.

The line up for the Vernon team for the game today, as announced by Manager Smith, will consist of the following: Rainwater, short stop; Carney, second base; Bob Williams, third base; Shoemaker, left field; Curran, catcher; Burgess, first base; Bridges, right field; Sands, center field; Buzbee, pitcher. Dalmaso, Wilkins, and C. Chaffin will probably be used as relief men.

4-H CLUB BOYS TO BE ENTERTAINED AT PICNIC

The 4-H Club boys of four communities will be entertained by an all night outing at the Doans picnic grounds Thursday night, according to an announcement by County Agent E. L. Pattillo this morning. The club members of Doans, Sherwood, Crescent Cove, and Jackson Springs will meet at the Sherwood School building at 4:30 Thursday night, equipped with bedding and food to supply them through the evening, night and morning, and will go to the Doans picnic grounds on Red River. The party will disband Friday morning.

MAN HELD IN KANSAS IS ESCAPED TEXAS CONVICT

Wichita, Kas., Aug. 20.—(P)—Police here said today that Henry Hapner, 28, arrested here yesterday, had been identified as a fugitive from the Texas State Prison at Huntsville, where he was serving a term for highway robbery.

He was said to have escaped by swimming a river under fire and to have made his way to Houston.

Identification was by finger prints, officers asserted.

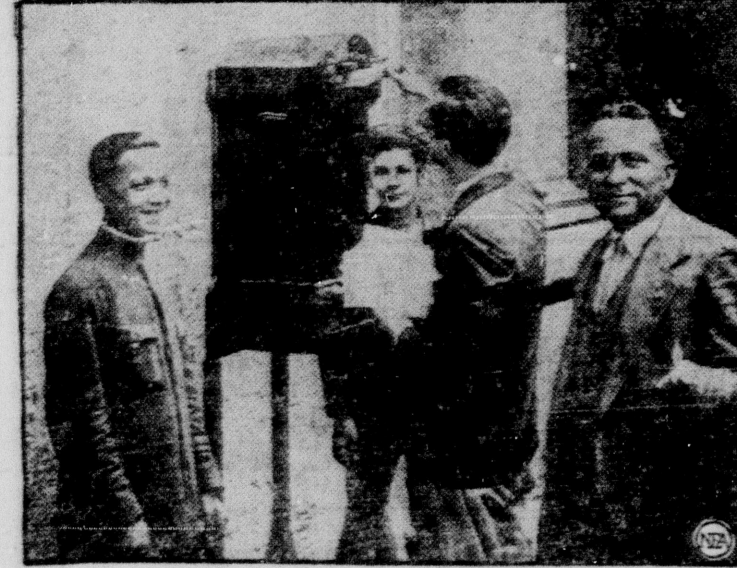

Hapner will be taken to Parsons, Kas., where he is alleged to have escaped jail after robbing a filling station.

FOREST FIRES BECOME MENACE IN EAST OREGON

Seattle, Aug. 20.—(P)—While western Washington had been momentarily freed from forest fires by rains over the week-end, eastern Oregon today became a new sector in the northwest fire menace.

A few major fires in eastern Washington and several in Idaho and Montana still were out of control. In British Columbia, the general situation appeared improved. Several conflagrations continued to eat through valuable timber stands.

Forestry headquarters at Portland reported 12 new blazes.

Solution Reached for Problem of Federal Prisons

Washington, Aug. 20.—(P)—A plan to solve in part the over-crowding in Federal penitentiaries has been agreed upon between President Hoover, Secretary of War Good and Attorney General Mitchell.

It contemplates among other things the transfer to the Justice Department of military prisons now but slightly used.

Two such prisons are at Leavenworth Kas., Blackwell's Island, and Alcatraz. These now have only a few inmates and can accommodate more.

AMERICAN EXCHANGE TO GET FEDERAL FARM FUNDS

Dallas, Aug. 20.—(P)—That the American cotton growers exchange, with headquarters here, will be one of the important agencies in the distribution of funds allotted by the Federal Farm board, was the general impression prevailing here today.

C. O. Moser, president of the exchange which has as members 14 state cotton growing and marketing organizations, has been in Washington conferring with members of the Federal Farm board.

RUSH WEEK BANNED FOR UNIVERSITY FRATERNITIES

Austin, Aug. 20.—(P)—"Rush Week," ancient institution at the University of Texas, received what may prove to be a death blow when the board of regents meeting here placed fraternities and sororities on a four year probation and read out of existence the German club and its dances and the "Ribbon Clubs."

The university was given complete control over membership of fraternities and sororities, and the regents provided "no person may be initiated into a fraternity or sorority without the approval of the faculty committee on student social organizations."

A faculty committee was authorized to report at the end of the four year probationary period whether fraternities shall be abolished. A joint faculty and inter-fraternity advisory committee was named to exercise supervision over fraternities and sororities.

NAVAL PLANES TAKE OFF FOR NATIONAL AIR RACES

El Paso, Texas, Aug. 20.—(P)—A squadron of twenty naval planes, under command of Lieutenant Commander Homer Wick, took off from the municipal airport this morning en route to Cleveland, Ohio, to participate in the aerial maneuvers at the National Air races.

AMERICAN COMMERCIAL ALTITUDE MARK MADE

Washington, Aug. 20.—(P)—Bureau of standards calibrations today showed that Waldo Waterman, test pilot at Metropolitan Airport in Los Angeles, made an American record altitude of 20,820 feet for commercial type planes on July 27.

Strike Area Guarded. Marion, N. C., Aug. 20.—(P)—National guardsmen continued their patrol of the Clinchfield mill strike area today while county and state officials parleyed with strike leaders in an effort to avert further disorders. The troops were dispatched to the scene yesterday by Judge N. A. Townsend, executive counselor to Governor Gardner, when a fight developed between strikers and non-union workers when the latter attempted to enter the mill.

Gives Girl Potion. Mexico City, Aug. 20.—(P)—Adelberto Patino Gontez, according to a confession he is alleged to have made to police, administered a potion obtained from a fortune teller to Dominga Raradas, to make her care for him. The girl became insane and Adelberto was placed in jail after police had questioned him.

LOCAL BRIEFS

R. H. Kelly, of Amarillo, was a guest of J. O. Wright yesterday.

E. L. Vaughn is quite ill at his home on Paradise Street.

Miss Odell Simmons is quite ill at her home on Maiden Street.

Mrs. B. D. Hockersmith and children are visiting Mr. Hockersmith in Wink.

Miss Pennie Snodgrass, of Kirkland, is visiting in Vernon with Mr. and Mrs. E. L. Snodgrass.

Mrs. J. W. Harris underwent an operation at a Vernon hospital this morning.

Mrs. L. Duke of Vernon was released from a local hospital today following an operation recently.

Rev. S. H. Holmes of Electra visited friends in Vernon yesterday. Rev. Holmes is a former pastor of the Central Christian Church here.

Mr. and Mrs. L. B. Stagner, of Big Spring, spent the week-end in Vernon with Mr. and Mrs. Elmer Hise.

Misses Claudia and Ann Gagle, of Belton, arrived Monday for a visit here with their uncles, Frank and Claude Turley, and families.

Mr. and Mrs. Jack Thompson and little daughter, Myra Jane, returned home this morning from a visit in Tyler and Shreveport, La.

Mrs. Frank Turley and daughters, Pauline and Patsy Nell, returned home yesterday from several days' visit in Fort Worth.

Miss Mary Johnson of Hillsboro, returned to her home Sunday, after a visit here with Miss Katy Sue Reed.

Mr. and Mrs. L. L. Livsey and son, Lon, Jr., have returned home from Hillsboro, where they visited with relatives several days.

J. B. Denson and family, of Amarillo, visited with his sister, Mrs. E. L. Vaughn, and family, during the week-end.

Miss Zelma Vaughn returned home Sunday from a visit with friends and relatives in Dallas, Fort Worth, Bonham, and Commerce.

Mr. and Mrs. Paul Johnston have returned from several days' visit in Abilene, Dallas and other Texas points.

Miss Lora Long of Nashville, Tenn., left for her home Monday after a visit here with relatives and friends. Miss Long is a social service worker in the Wesley House in Nashville.

Mr. and Mrs. A. C. Williams and children, Victor and Guy, are on a two weeks' vacation trip to Denver, Colo., San Francisco, Calif., Vancouver, B. C., and Seattle, Wash.

Lost. A ring of keys, having 5 keys and a bottle opener. Return to E. Z. Campbell, care Vernon Daily Record.

18.70; Dec. 19.05.		

New York, Aug. 20.—(P)—The cotton market opened firm at an advance of 11 to 24 points on the continuation of yesterday's buying stimulated by reports of continued dry warm weather in the southwest and the firmness of Liverpool. Active months soon showed net gains of 25 to 31 points with December contracts selling up to 19.17 and March to 19.33.

The demand was supplied by realizing while there also seemed to be some local and southern selling at these figures, and the market eased off a few points by the end of the first half hour.

Early realizing sales were absorbed on moderate reactions and the advance extended to 19.25 for December and 19.46 for March. This made a movement of approximately a cent a pound from the low level of last Thursday and the higher prices seemed to be bringing in some southern selling while the demand tapered off somewhat later.

Trading was quieter at midday with prices showing reactions of 10 to 12 points from the best.

New Orleans.

May 19.36; Oct. 18.73; Dec. 19.01.		

New Orleans, Aug. 20.—(P)—The cotton market opened firm at an advance of from 75 cents to \$1 a bale and prices continued to advance after the start until October traded at 18.93, and December 19.11, or 26 to 28 points above yesterday's close. Execution of overnight buying orders induced by yesterday's action of the Federal Farm Board in deciding to lend funds to cotton cooperative associations was responsible for early firmness.

Later the market encountered realizing and at the end of the first hour October sold at 18.71, and December 18.99, or 12 points off from the high.

The market ruled steady and fluctuated within the early range. Values were supported by a demand stimulated by the continued dry weather in the west and many reports of crop deterioration. Near mid-session some profit-taking was encountered and prices eased off 5 to 7 points. The undertone, however, continued firm.

Liverpool. Liverpool, Aug. 20.—(P)—Cotton-spot quiet, higher; American strict good middling 11.21; good middling 10.81; strict middling 10.61; middling 10.41; strict low middling 9.86; strict good ordinary 9.46; good ordinary 9.09; sales 4,000 bales, 2,100 American. Receipts 7,000; American 3,009. Futures closed steady: October 10.07; December 10.95; January 10.96; March 10.12; May 10.18; July 10.18.

TWO SUNDAY SCHOOL LEAGUERS BAT .500 FOR SEASON

CURRIN OF CHRISTIANS SHARES
LEAD WITH CHAFFIN, METHODIST,
IN SEASON'S FINAL AVERAGES

Edu Chaffin of the Methodists and Pete Currin of the Christians each hit a percentage of .500 during the Vernon Sunday School baseball league season to tie for first place hitting in the league, though Currin must be rated as the real leader because of his greater number of times at bat.

The Christian team registered the highest team average for the season with a percentage of .346, with the Baptists, champions of the league, second with an average of .311. The Presbyterian club, winners of the second half of the season, trails in the cellar of the hitting race with .253. The Methodist club, runners-up for the first half of the season and cellar occupants for the latter half, were reduced to third place at the end of the season.

Walter Sands, Christian, takes second place in the individual hitting with an average of .461, leading Dalmasso, Christian, by 23 points. Norman, Baptist, who headed the list for the first half of the season, and dropped low during the second half, claims a place near the top at the end of the season. Steve Dobbs, Baptist, who was tied with Norman, dropped into the three hundreds in the final averages for the season.

Arthur Carney, Methodist second sacker, who was high at the end of the second half of the season in the hitting list, was forced into the lower four hundreds for the season. His record for the first half was low. Edd Chaffin has maintained his steady half way mark since the first of the season.

Of the 67 players on the batting and hitting register for the season, two hit the .500 mark, twelve are listed as hitting above .400, and 21 hit above .300. Twenty hit between .200 and .300.

ENGLISH WOMEN NET STARS
REMAIN IN TITLE MATCHES

Forest Hills, N. Y., Aug. 20.—(P)—Eighteen easterners, seven Californians, two middle-westerners and five formidable English women today remain in the second round of play for the national women's tennis championship on the west side stadium turf.

Suffering fewer losses proportionately than any other contingent, the English forces came through the opening round yesterday with colors flying while Canada, Brazil, Sweden and Bermuda were counted out, and the battle narrowed to an Anglo-American affair.

PHILLIPS TEAM TO MEET
FARGO HERE TOMORROW

The Phillips Petroleum Company baseball team of Rock Crossing will meet the Fargo team tomorrow afternoon on the City Park diamond here. The game is scheduled to begin at 5:30. The Phillips club defeated the Fargo nine Sunday afternoon when the teams met on the Phillips Camp diamond at Rock Crossing as the visitors showed an off form day to permit a 12 to 3 score.

Gene Townsend, who has gained recognition throughout the section as a pitcher, will probably hurl for the Phillips team. Emmette will pitch for the Fargo team.

MIDLAND SLUGGER MAY
LEAD ALL IN BATTING

Midland, Texas, Aug. 20.—(P)—Big Ed Kallina, Midland first sacker, promises to set one of the loftiest clubbing averages ever seen in organized baseball if he can hold his present clip until the tape.

Through last week's games the slugging Colt owned an average of .437 in more than 80 games and was far ahead of the field in the home run race with 40 circuit smacks. Kallina, formerly an all-around star at Southwest Texas Teachers College, is almost certain to get another tryout in the Texas League.

Watch Tongue
For Signs of Illness

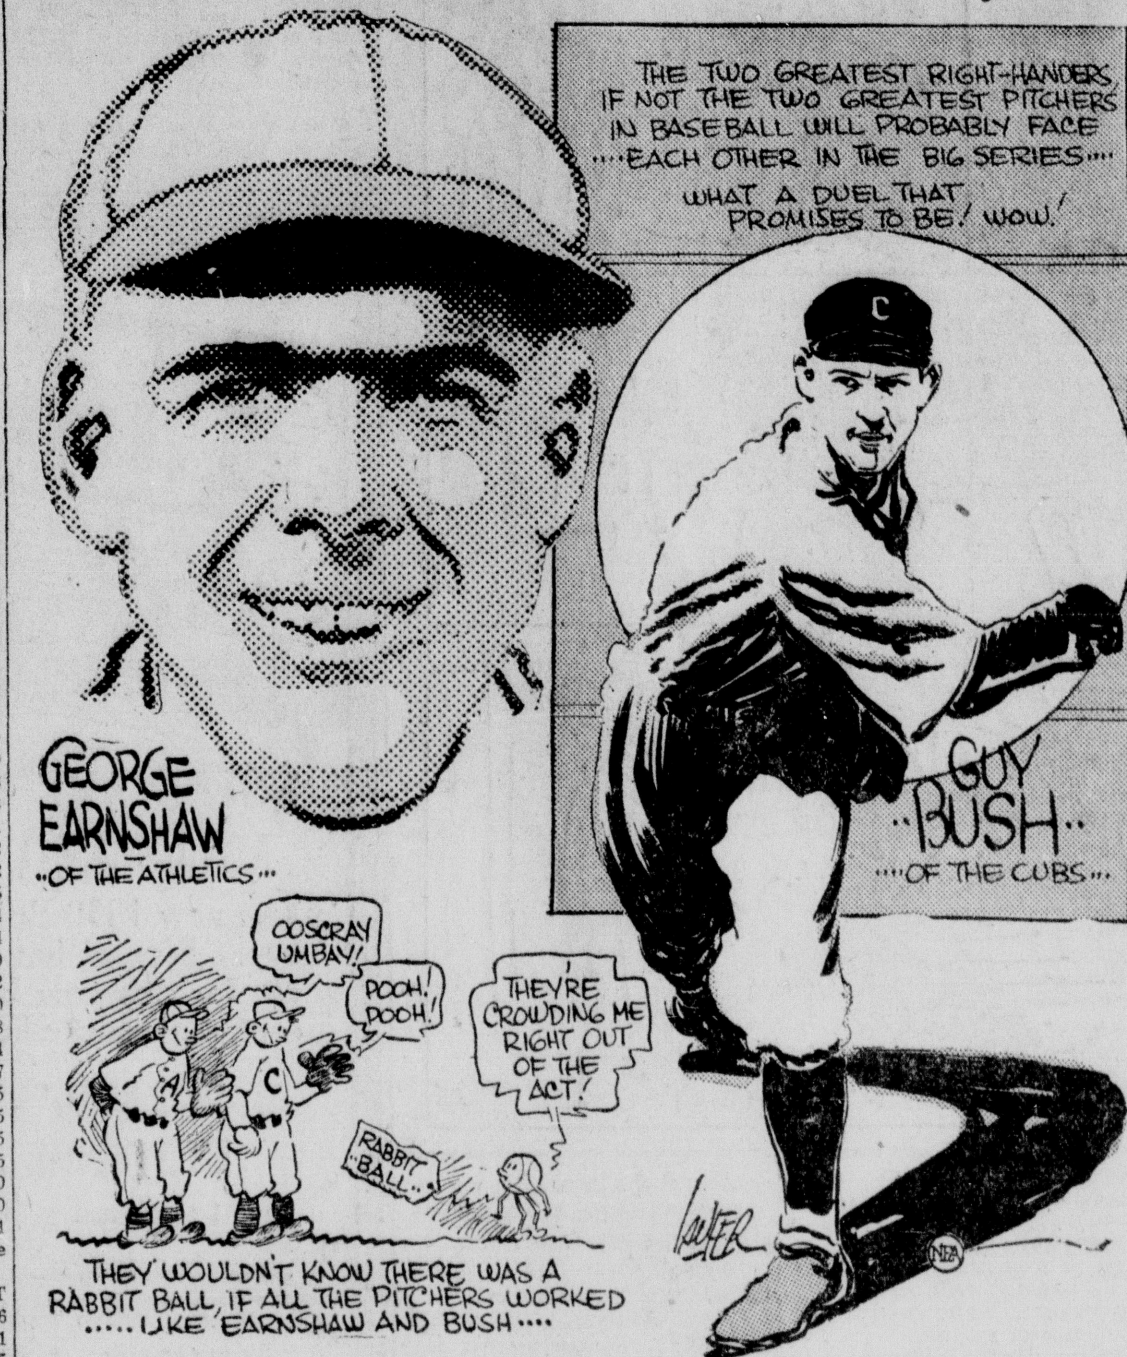

Your tongue is nothing more than the upper end of your stomach and intestines. It is the first thing your doctor looks at. It tells at a glance the condition of your digestive system and physicians say that 90 per cent of all sicknesses start with stomach and bowel trouble.

A white or yellowish coating on your tongue is a danger signal of those digestive disorders. It tells you why the least exertion tires you out; why you have pains in the bowels, gas, sour stomach, dizzy spells. And it's a sign you need Tanlac. This good old reliable medicine has helped thousands who were physical wrecks. See how the first bottle helps you.

Tanlac contains no mineral drugs; it is made of barks, herbs and roots—nature's own medicines for the sick. Get a bottle from your druggist today. Your money back if it doesn't help you.

Tanlac
52 MILLION BOTTLES USED

BRUSHING UP SPORTS

GEORGE EARNSHAW of the Philadelphia Athletics and Guy Bush of the Chicago Cubs, the two greatest right-handers, if not the two greatest pitchers in baseball today, will probably come face to face in the world series this fall.

That is, of course, if the Cubs and A's go through with their present purpose of running away from the rest of the teams, which at mid-August seems almost a foregone conclusion.

Now the prospect of seeing the best pitcher of

each league in a world series duel is a spectacle for the bleacherites to look forward to with relish. It may come about that the other Cub and Athletic pitchers will turn in better games. This is usually what happens when a scribe goes out on a limb. But that Bush and Earnshaw are the two best pitchers in baseball today is our story. And we intend to stick to it. And if you still don't agree, why go ahead and sue us.

SPUDDERS ARE
HELD HELPLESS
AT STEER PARK

Rookie Pitcher Twirls Galloway's Sluggers Into Submission Before Record Week-Day Crowd of 8,200—Runners-Up Also Meet Reverses in Late Games.

(By the Associated Press)
Dallas players and fans alike evidently are not willing to wait until after September 15 for a showdown with Jim Galloway's Wichita Spudders. They are making a very personal quarrel of the series now going on at Steer Stadium.

Yesterday, 8,200 men, women and children crowded into the Maverick stronghold to watch the Stockmen punish their most formidable rivals for the Texas League pennant, 4 to 0. They saw Vic Frasier, the 20-year-old Mount Enterprise product, stand the mauling Spudders on their heads, even as the veteran Whitely Glaser had propped them in a similar position the previous day.

It is possible that Galloway's men have been off their feet the last two afternoons, but their most ardent admirers will admit seven bingles in two games is no way for a prospective champion to act. Two decisive lickings at the hands of the first half champs at the start of a long road trip has caused an alarming drop in Spudder Dixie series stock.

Frasier had a patched infield behind him yesterday, but it mattered little. The youngster had so much on the ball the Spudders had it inspected every whistletick, but the umpire could not solve the thing. Red Bennett, Wichita's big bertha, drew a blank in four tries and turned the league batting leadership over to Jim Moore of the Steers, who smacked a double in four attempts.

Jim Lindsey and Joe Brown divided honors in handling the backsliding Exporters a twin mauling yesterday, 7 to 2 and 3 to 1. Both were in superb form, allowing the Shippers four safeties in each game. The rookie Vaughn gave Brown a powerful argument in the nightcap, limiting the Bisons to six hits, but a bad first round ruined his chances. Bailey's hurling broke up the first game with a six-run splurge in the eighth.

Earl Caldwell salted away his eighteenth victory as the Cubs trounced the Indians, 9 to 4. In the series opener at San Antonio, he was airtight in the pinches. Two tribe hunters were pounded for 17 hits. Shreveport and Fort Worth were idle, having played a doubleheader the day before.

Walker Claimant
of Light Heavy
Crown Is Winner

Philadelphia, Aug. 20.—(P)—Mickey Walker, ruler of the middleweight realm, was a step nearer the light heavyweight throne today by virtue of his convincing victory over Leo Lomski, mauling light heavy, of Aberdeen, Wash.

Walker took the Aberdeen assassin handily in 10 staling rounds at the municipal stadium last night, not by a knockout as Manager Jack Kearns had predicted, but by a comfortable margin. Kearns is already laying claim to the light heavyweight title, soon to be vacated by Tommy Loughran, and victory over Lomski, also an important contender, was pointed to today as adding emphasis to the claim.

Walker, former welterweight king and holder of the middleweight crown, spotted Lomski six and three quarter pounds, but more than overcame the weight handicap by his ring generalship and punishing punches. The Associated Press score sheet gave Walker six rounds and Lomski three. The tenth was even.

OLAHOMA AND LOUISIANA
PLAY FOR LEGION TITLE

Shreveport, La., Aug. 20.—(P)—Oklahoma and Louisiana faced each other today for the regional American Legion baseball championship after eliminating Texas and Arkansas.

The New Orleans team won handily from Texas, scoring fourteen runs while their Waco opponents were getting two. The Texans made only seven hits off Carboni, New Orleans pitcher, while the Louisianians fell on Brooks and Clark, Longhorn pitchers, for thirteen blows. Five errors afield further wrecked the Texas team's chances.

Oklahoma City and Little Rock played a very tight game, the Sooners winning, 4 to 3.

PIRATES LOSE
PAIR AT PHILLY

PITTSBURGH'S FLAG HOPES
ALL BUT DASHED BY
DOUBLE DEFEAT

(By the Associated Press)
Moisture in the box office at Brooklyn and New York and some real rain at Boston so curtailed the National League program yesterday that blue Monday was almost a holiday.

From a Pittsburgh viewpoint, the only mistake of the afternoon was the failure of the furious Phillies to call off their doubleheader with the Pirates. As events turned out, the Phils trimmed the Dreyfuss Dragons in both ends of the bargain bill 7 to 6 and 5 to 0, and left Herr Barney's flag hopes decidedly flat.

The double reverse dropped the Pirates to a position nine games behind the Cubs, who idled in New York sunshine. What is even worse for Pittsburgh chances is that the difference between the Bruins and the Buccaneers is ten games in the all-important losing column. Donie Bush now needs six straight in that "crucial" series to be played at Forbes Field next week with the Cubs guests.

The Macks got back into their winning stride in the American League campaign, downing the Browns 8 to 2 behind Bill Shores and evening the series. The Yankees also won, and the lead of the A's remained unchanged at thirteen games. The Yankee victory was a more or less personal triumph for young Roy Sherd, who shaded Hal McKain and the White Sox 3 to 2.

The run of complete games by Red Sox pitchers was halted at nine. After Milton Gaston had hurled the Bostonese to a 3 to 2 triumph over the Tigers in the first game at Detroit, Jack Russell gave way under pressure of Bengal bats in the nightcap. He yielded the reins to Dohens in the sixth as the home team won 6 to 2.

WE MOVE FORWARD

The flight of the Graf Zeppelin from New York to Germany across the Atlantic Ocean, and on across the wastes of the steppes to Tokyo is a real triumph of man over air. It demonstrates the practicability of air travel on a commercial basis. There can be no further doubt, if indeed there has been any in the minds of fair-minded people since Lindbergh's spectacular flight across the Atlantic, that aviation will be the popular means of long-distance travel in the future.

At present there is every reason to believe that the lighter than air craft will be most adaptable to trans-oceanic and other long-distance flying schedules. The achievements of Dr. Eckener with his Graf Zeppelin have served to emphasize the possibilities of the craft.

Flying in this type of airship is not nearly so hazardous as in heavier than air machines in which the failure of one or two motors makes a crash imminent. The Graf Zeppelin's recent escapade in which, after a start over the Atlantic, it turned back and made its way to a safe landing with three of its five motors helpless, demonstrates its stability and capability of meeting emergencies.

It is not difficult to understand that the Graf Zeppelin represents a stage of perfection only recently attained in the world of aviation. Credit for its performance cannot go to Dr. Eckener alone. The designer of the craft, the designer of the engines, as well as the manufacturers of all the materials that went into it, come in for some of the credit, just as the designers and manufacturers of the numerous airplanes and engines that have been setting new endurance records with surprising frequency in recent months are due for credit.

Airplanes and motors are being improved upon very rapidly. Most of the records being set may be attributed to this improvement more than to the ability of pilots.

Man has devised a craft that is far along toward conquering the elements. Achievements such as the flight of the Graf Zeppelin are symbolic of this advancement.

PROHIBITION ANALYZED

Anyone who has followed the candid discussion of the prohibition problems as seen by Mrs. Willebrandt, former Treasury official in charge of prohibition enforcement, in her copyrighted articles in a number of the major dailies of the nation must be somewhat surprised at some of the revelations made. So-called dries and wets alike must be astonished at some of the frank presentation of some of the serious obstacles to prohibition enforcement that are to be found within the enforcement machinery itself. Her candid discussion of some of these impediments may subject her to censure from the more prejudiced prohibitions, who may characterize her assertions as a personal effort to embarrass officials charged with enforcement.

Partisans in this issue too frequently characterize any admission damaging their cause, regardless of how firmly based on facts, as one made with an ulterior motive. It is especially true that friends of prohibition, in their zeal for their cause, have been inclined to view all statements of problems of prohibition as inimical to them and coming from the enemies of the cause. For that reason it has been peculiarly difficult to get the truth concerning prohibition enforcement. It is of course true that extreme partisans have warped facts and figures when possible, to suit their desires. Perhaps this has encouraged the tendency to brand all assertions as unfounded in fact, and we have had the situation where if a dry stated an admitted fact that favored his cause he was immediately branded as a bribe, and if any citizen cited a weakness in the enforcement program he was quickly denounced as a nullificationist and enemy of his country.

So the frank discussion of the problems that face prohibition enforcement by one who has been in charge of enforcement for a number of years must be welcome to all with a sincere

cere interest in what has been characterized as a noble experiment.

She speaks with authority gained from experience. She asserts boldly that two administrations have failed to enforce prohibition and proceeds to point out some of the reasons for the failure, showing that enforcement has been subordinated to political expediency.

We can accept these revelations in a number of ways. Perhaps we can find grounds for declaring that Mrs. Willebrandt has never really been a friend to prohibition, since she admitted that liquor once was kept in her home. We might hold the opinion that she left her official post after difficulties with those high in authority and is making revelations calculated to embarrass them. There are numerous other seemingly plausible explanations for her assertions, if a jaundiced mind must have one, but her declarations may best be accepted in the spirit in which they are made. Not until we squarely face the problems of prohibition enforcement will we solve them. That two administrations have failed to enforce prohibition, as Mrs. Willebrandt says, is patent. She tells us why.

Seek Plants for Southwest

Dedicated to finding and developing plants which will grow in the arid southwest is the Boyce Thompson Southwestern Arboretum, erected by the millionaire philanthropist, William Boyce Thompson, near Superior, Ariz. This laboratory is situated on a huge flat rock on top of a hill. Here the habits and adaptability of fruits, flowers, shrubs and plants of value to semi-tropical countries are studied in an effort to find species beneficial to farmers in that locality.

The Highways of Buying

"FOLLOW the highway markings and you can't go wrong." That's the advice the Automobile Club gives you before starting on a motor trip. You follow the well-known, well-marked roads. And you reach your destination the safest, most comfortable way.

Why not follow the same rule in your shopping? Why not stick to the "highways of buying?" They have been just as carefully plotted, and are just as carefully marked as the great motor roads you've come to depend upon. Marked by the trade-marks of reliable, advertised products.

The next time you go shopping follow these "highways." Before you start, look through the advertisements in these columns. Pick out the products you want. Notice the names and trade-marks that identify them. And then ask for them by name.

The advertisements are sign-posts to guide you to the best and most reliable merchandise.

Now

Choosing the best for you from
almost Two Billion Gallons...

NOW the combined raw material resources of the Greater Continental Oil Company, newly merged with the Marland Companies, represents a crude oil production of almost 2 billion gallons annually.

Few refiners in the whole world have under control such a tremendous supply of petroleum from which to select their manufacturing requirements.

Now eight refineries are making CONOCO Motor Oil and CONOCO Gasoline to meet rigid CONOCO specifications, each refinery being supplied with the crude oil which is CONOCO'S own first choice for its market needs.

Every oil well does not produce the same grade of petroleum. Some fields yield ideal oil for making gasoline. Others produce oil best suited to make lubricating greases. Still others... and these are fewer... afford an output which can be refined into an exceptional motor oil.

The Greater Continental Oil Company now can choose the best... and only the best will be sold under the Sign of the Red Triangle.

SOCIETY

"Primitive Homes and Missionary Tasks in Africa" Is Studied at Methodist Circle Meetings Monday

"Primitive Homes and the Missionary Tasks in Africa" was the mission topic studied at the circle meetings of the Methodist Women's Missionary Society at the different homes Monday afternoon. The devotional reading on "The Laughter of Death" was taken from Mark 8: 23-24, 35: 4, and Matthew 9: 18-26.

Five of the six circles met for the monthly study. Circle No. 3 did not meet on account of sickness among the circle members.

Individual reports follow:

Circle No. 1.

Mrs. J. O. Haynes was hostess to members of Circle No. 1 at her home on Wilbarger Street. Mrs. S. E. Lloyd opened the meeting with the reading of the devotional on "The Laughter of Death," followed by the discussion of the topic, "Values in the African Homes" and "Perils of the Day," by Mrs. E. L. McHugh.

Mrs. W. R. Keeton gave a talk on "Some Limitations of the Home," after which Mrs. Hugh Eggleston discussed "The Christian Approach to the Problem." Special musical numbers included a piano solo by Miss Nannie Jo Haynes and a violin and piano duet by Nannie Jo and David Haynes. Miss Helen Joyce Stone sang two numbers, "The Elf Man" and "Sleep Baby Sleep," after which Mrs. Haynes, assisted by Nannie Jo and David Haynes, served refreshments of ice cream and cake.

The members and guests present were: Mrs. S. E. Lloyd, Mrs. E. L. McHugh, Mrs. Hugh Eggleston, Mrs. J. O. Haynes, Mrs. J. J. Jackson, Mrs. J. L. Eggleston, Mrs. J. H. Hollaway, Mrs. W. R. Keeton, Miss Rebecca Crow, Mrs. A. H. Stone and children, Helen Joyce and Albert Glenn, of New Orleans, Nannie Jo and David Haynes, and the hostess, Mrs. Haynes.

Circle No. 2.

Circle No. 2 met at Allingham Park with eight members present. Mrs. Roy Abbott presided at the business session and led the lesson during the afternoon. Mrs. A. J. Carpenter conducted the devotional reading, after which Mrs. Hugh Nesbitt and Mrs. H. Y. Pitts discussed "Primitive Homes and Missionary Tasks in Africa." Mrs. Carpenter gave an interesting talk on "Womanhood in Africa," and

Popular Vernon Couple Marry in Frederick Monday

Miss Mildred Robertson and E. M. Rogers, Jr., popular young couple of Vernon, were united in marriage in Frederick, Okla., Monday morning at 9 o'clock. No one accompanied the couple.

Mrs. Rogers is a daughter of Mr. and Mrs. E. P. Robertson, and has lived in Vernon all of her life. She graduated from Vernon High School in 1924.

Mr. Rogers, who has also been a resident of Vernon all of his life, is a son of Mr. and Mrs. E. M. Rogers. He is also a graduate of the local high school. Mr. Rogers is in business at the General Auto Supply Company, corner of Mesquite and Wilbarger Streets.

Mr. and Mrs. Rogers left immediately following the ceremony for Dallas, where they will wait a few days this week before returning to Vernon to make their home.

Helping the Homemaker

Baked Bananas and Peanuts Unusual.
Daily Bill of Fare—Breakfast.
Chilled Fruits, Stewed
Buttered Toast, Egg Omelet

Coffee Luncheon.
Tomato Sandwiches Potato-Chips
Sugar Cookies Tea
Dinner.
Corn Omelet Asparagus Salad
Bread Butter
Baked Bananas and Peanuts
Coffee

Corn Omelet, serving four.
3 tablespoons butter
4 egg yolks
1-2 teaspoon salt
1-4 teaspoon paprika
4 tablespoons milk
1 cup corn
2 tablespoons chopped onions
4 egg whites, stiffly beaten
Place the butter in a frying pan, heat slowly and add the egg yolks, which have been beaten with the salt, paprika and milk. Fold in the rest of the ingredients and heat slowly until the omelet "puffs." Tip the pan to a vertical position and carefully fold over in half. Cook for 5 minutes over a very low fire.

Asparagus Salad.
1 cup diced asparagus (canned)
1 cup diced tomatoes
1-2 cup sliced cucumbers
2 tablespoons chopped onions
1-4 teaspoon salt
1-4 teaspoon paprika
1-3 cup salad dressing
Mix and chill the ingredients. Serve on lettuce leaves.

Baked Bananas and Peanuts (Appetizing)
4 bananas
3 tablespoons lemon juice
4 tablespoons light brown
1-2 cup shelled, roasted peanuts
Peel the bananas and split them. Arrange in a shallow baking dish. Sprinkle with the rest of the ingredients. Bake in a moderate oven for 20 minutes.

Refreshments of punch and cake were served to the following: Mrs. Godfrey Strett, Mrs. A. B. Burke, Miss Rosa Cole, Mrs. A. G. Bell, Mrs. A. P. Hope, Mrs. C. A. Bickley, Mrs. Clint Swartwood, Mrs. Mose Wright, Mrs. O. T. Warlick, Mrs. W. M. Hazard, Mrs. E. G. Lacy, Miss Ruth Ellen Todd, of Ryan, Okla., Miss Fay Owen, of Seymour, and the hostess, Mrs. McCurdy.

Circle No. 5
Circle No. 5 met with Mrs. Dee Norwood, 2401 Paradise Street, with seven members present. Mrs. D. M. Ferebee conducted the devotional reading, and Mrs. Norwood led the lesson on "Primitive Homes and Missionary Tasks." A short business session was held, at which plans were completed for sending a box to a Wesley House in San Antonio.

Those present were: Mrs. J. H. E. Young, Mrs. E. S. McCoshee, Mrs. Fred Mayer, Mrs. R. E. Colley, Mrs. J. T. Hall, Mrs. D. M. Ferebee, and the hostess, Mrs. Norwood.

Circle No. 6
Mrs. O. O. McCurdy was hostess to members of Circle No. 6 at her home on South Main Street. Mrs. A. F. Hope led the devotional reading, followed by prayer led by Mrs. C. A. Bickley. The afternoon's study, "Primitive Homes and Missionary Tasks," was discussed by Mrs. W. M. Hazard, Mrs. O. T. Warlick, Mrs. A. Bickley, and Mrs. E. G. Lacy. A short business session was held, after which Miss Ruth Ellen Todd, of Ryan, Okla., entertained with a reading.

Members of the Y. W. A. of the First Baptist Church met on the lawn of the home of Miss Rosalyn Coleman, 1110 East Paradise Street, for a completion of the mission study, "Ann of Ava," Monday evening. The program opened with the Y. W. A. song, followed by prayer led by Miss Gladys Woods. Those discussing parts on the program were: Miss Julia Wells, Miss Ottilie Vaughn, and Miss Rosalyn Coleman.

A social hour followed, during which time an ice cream was served to the following members and guests: Miss Vera Hughes, Miss Gertrude Seale, Miss Fay Harris, Miss Opal Thomas, Miss Ezra Edger, Miss Ina White, Miss Ruth Theben, Miss Fay Theben, Miss Mary Alice Parr, Miss Christine Rainswater, Miss Dana Norsworthy, Miss Alyene Arnold, Miss Ruth Livingston, Miss Edna Livingston, Miss Gladys Woods, Miss Ottilie Vaughn, Miss Catherine Weaver, Miss Vera Hughes, Miss Julia Wells, Miss Marjorie Stevens, Miss

Rebel Leader Surrenders.
Mexico City, Aug. 19.—(AP)—Reports to the War Department say Aurelio Acero, rebel chief, surrendered with 322 men at the town of San Juan de Llaneros, Zacatecas, and the brothers, Isaisa, Antonio, Juan and Tomas Ramirez surrendered with 192 men at Jacana Michoacan.

Baptist Young Women Meet Here Monday Evening

Members of the Y. W. A. of the First Baptist Church met on the lawn of the home of Miss Rosalyn Coleman, 1110 East Paradise Street, for a completion of the mission study, "Ann of Ava," Monday evening. The program opened with the Y. W. A. song, followed by prayer led by Miss Gladys Woods. Those discussing parts on the program were: Miss Julia Wells, Miss Ottilie Vaughn, and Miss Rosalyn Coleman.

A social hour followed, during which time an ice cream was served to the following members and guests: Miss Vera Hughes, Miss Gertrude Seale, Miss Fay Harris, Miss Opal Thomas, Miss Ezra Edger, Miss Ina White, Miss Ruth Theben, Miss Fay Theben, Miss Mary Alice Parr, Miss Christine Rainswater, Miss Dana Norsworthy, Miss Alyene Arnold, Miss Ruth Livingston, Miss Edna Livingston, Miss Gladys Woods, Miss Ottilie Vaughn, Miss Catherine Weaver, Miss Vera Hughes, Miss Julia Wells, Miss Marjorie Stevens, Miss

SAVE WITH ICE

ICE makes the Picnic

Coca Cola Bottling & Ice Co.

Vernon, Texas Phone 245

Scorching highways and dusty byways have no terrors if at the end of the journey there be, in a cool shady spot, a delicious lunch, with plenty of ICE to soothe dry throats and revive wilted appetites.

Ice cream, ice-cold lemonade, iced tea and iced coffee, cold meats and cold salads—how much more satisfying such things taste out "miles from nowhere."

Ice cream freezers, ice baskets, ice pails and thermos jugs extend the many advantages of the household ice refrigerator to the most remote nooks you choose for picnic parties. At home or "on the wing," you can always enjoy ice—just tell us to keep you supplied.

noon's study on "The Chinese and Orientals in America." Mrs. Hazel Lisman read a paper on "A Visit to Elizabeth Blake's Hospital," and Mrs. H. L. St. John read an article on "Chop Suey."

The reading of the minutes and other transaction of business followed, after which an ice course was served to the guests by the hostess.

Those present were: Mrs. Roy Thompson, Mrs. J. B. Copeland, Mrs. W. T. Elliott, Mrs. W. J. Kennedy, Mrs. Hazel Lisman, Mrs. Clyde Muller, Mrs. J. D. Thompson, Mrs. John

Minarik, Mrs. Jack Love, Mrs. A. P. McCulvey, and the hostess, Mrs. Love.

500 EXPECTED AT SESSION OF ODD FELLOWS

Crowell Ready for Two-Day Meeting of Lower Panhandle Association Wednesday and Thursday—Many Prominent Men To Be in Attendance.

Crowell, Aug. 20.—Everything is in readiness for entertainment of more than 500 visitors expected here for the annual meeting of the Lower Panhandle Association of Odd Fellows and Rebekahs Wednesday and Thursday. E. H. Smith, general chairman of the housing committee, announces housing accommodations have been made.

The session formally opens in the Crowell high school auditorium at 9 o'clock Wednesday morning. Some of the most distinguished men of the state are expected here for the session. Barry Miller, Lieutenant Governor of Texas and grand master of Texas Odd Fellows, is scheduled to make the principal address at the morning session of the opening day, and Whit Davidson, Dallas, will speak on the afternoon program.

A special session of the grand

Was Just Like Throwing His Money Away

"Orgatone Has Done More for My Wife Than All Other Treatments She Ever Took," Says Wichita Man.

"Orgatone has certainly done fine work for my wife and I'm glad to recommend it to others who may be suffering like she did," said F. P. Robinson, a valued employee of the Denver Railroad, who lives at 2006 Fillmore Street, Wichita Falls, Texas, while in Allison Drug Store recently. "My wife is strong, hearty and full of life and energy now," continued Mr. Robinson, "and is several pounds heavier than she was the day she began taking Orgatone. She had suffered from headaches and biliousness for 10 years and had become almost a nervous wreck. Her stomach was so out of order that everything she ate hurt her. At night, especially, she would have sick dizzy headaches. Couldn't get any sound sleep and was tired and languid all the time, and fell off in weight rapidly.

"I paid out hundreds of dollars for treatment and medicines of various kinds, and it was just like throwing my money away, as for the good it did her. It's the truth, five bottles of Orgatone have done her more good than everything else put together. Her weight has already increased to 135 pounds and this fact alone is proof of the fine work Orgatone has done in correcting her troubles and putting her system in good shape. But that isn't all; she has a splendid appetite, eats anything she wants and is like a different woman altogether. Her nervousness and headaches have disappeared and she sleeps like a healthy child every night. The gas has stopped forming on her stomach and she's never bothered now with biliousness. She is stronger and better off in every way right now than she's been in the past 10 years and I'm obliged to say a good word for Orgatone."

Genuine Orgatone is not a so-called patent or secret remedy but a new scientific bile treatment and is sold in Vernon exclusively by the Vernon Drug Store.

Children Learn Communism in Wisconsin Camp

Communism is being taught Chicago and Milwaukee children at the summer camp of the Workers' International Relief Committee at Paddock's Lake, near Kenosha. This picture shows Miss Eva Stolar, director, conducting a class. The flag in the center is red and a sign on a tree at the right reads, "Young Leninists."

lodge will be held on the first day. Officers' and committee reports will be given in the afternoon and addresses will follow by Mrs. Jessie N. Ross, Amarillo, president of the Rebekah Assembly of Texas, Ray Rector, Stamford, and Mr. Davidson. A special musical program will be given Wednesday evening.

F. J. Dearborn, Orange, will open the morning session of the second day with an address; and E. Q. Vestal of Dallas, state grand secretary, will also make an address. Election of officers and musical numbers will be the other features.

The session will come to an end in the afternoon with final reports of committees.

PECOS COUNTY SHALLOW WELL MAKES HEAVY FLOW

San Angelo, Aug. 20.—(AP)—Oil men predicted today that Pecos County's second heavy producing shallow field would be developed about the Taylor Link Oil Company's No. 2 University which yesterday flowed 135 barrels hourly from 1,625 feet. At this depth the well was 10 feet in the pay. The well offsets the discovery well which is averaging about 115 barrels daily and is the first heavy production in the immediate vicinity.

SOVIET ARMIES CLASH IN EAST WITH CHINESE

Sanguinary Skirmishes Are Reported as Two Hostile Forces Seek Advantage Along Manchurian Border, But Diplomats Hope to Avert War.

London, Aug. 20.—(AP)—Both Chinese and Russian sources today reported war-like activities and preparations along the Manchurian border with increasing border clashes and incursions by opposing armies. Dispatches from Mukden, Manchuria, said Chinese defenders and 8,000 Soviet cavalry invaders from Nikolai yesterday engaged in a fierce struggle for the village of Tungshien, south of Pogradichnaya, in which the settlement changed hands several times but finally was retained by the Chinese.

A dispatch from Blagoveshensk, Siberia, said Chinese troops, supported by White Guard detachments fired on a Soviet monitor on the Amur River about 85 miles northwest of here. Simultaneously Chinese fired upon Soviet troops and civilians in the vicinity of Lake Hanka, near the villages of Grodenko and Poltavsk. The Reds resisted energetically.

The Moscow government, through

the German diplomatic force there, dispatched a note to both the Mukden provincial and Nanking central Chinese governments warning against bands of White Russians and demanding that these bands be disarmed and Chinese troops prevented from making further encroachments on Soviet territory.

The note enumerated a series of raids said to have been carried on by White Russians and Chinese in which Soviet soldiers and civilians were killed and concluded with the statement that unless the demands are complied with "further complications caused by new attacks on Soviet territory will fall entirely on the Nanking and Mukden governments."

Mukden dispatches reported tanks, airplanes, and searchlights on the way to the "front," and Tass, the official Russian news agency, cited the same reports from Harbin added that Chinese authorities had permitted the formation of new White Guard detachments on the frontier. C. T. Wang, Chinese Foreign Minister, said at Nanking that if 60,000 troops already ordered to Manchuria were insufficient other thousands would be sent.

Despite these threatening aspects of the international situation growing out of the seizure of the Chinese Eastern railway they were not believed to lead inevitably to war, but on the contrary to represent attempts by each government to make it seem the other is at fault.

As Mob Stormed New Orleans City Hall

An alert NEA Service cameraman snapped the picture above as a mob was rushing into the New Orleans city hall, where a riot was in progress in the council chamber. Acting Mayor Walmesley and three commissioners being attacked by irate street car strikers. A few minutes later police cleared the building with guns, clubs and tear gas bombs, five persons being sent to hospitals. In the inset comrades are holding up a strike sympathizer, shot in the foot during the melee.

Man Found Here Is Returned to North Carolina

G. S. Upshaw, of Tolbert, returned yesterday from Wilmington, N. C., where he delivered Ben Bradshaw, of Vicksburg, Miss., to the latter's relatives following Bradshaw's recovery from a long illness in a Vernon hospital.

Bradshaw was found unconscious and paralyzed on his right side in a gondola freight car in the Frisco yards here May 27, and was taken to a local hospital by Wilbarger County officers. He remained in the hospital several weeks with his identity a

mystery. Unable to speak, and with few articles of identification, local officers experienced difficulty in locating his relatives. He was released from the hospital August 11 in the custody of Mr. Upshaw, who accompanied him to Wilmington upon the advice of a brother, Robe Bradshaw of Durham, North Carolina. Ben Bradshaw's sister, Mrs. Neal Murray, lives near Wilmington.

BUMPER CROP IN SIGHT FOR CHILLICOTHE AREA

Chillicothe, Texas, Aug. 20.—The outlook for a bumper crop of cotton in this section is very encouraging. A general survey of cotton conditions in the eastern part of Hardeman county shows that the cotton several weeks with his identity a

bolts. The cotton here has not suffered from the intense heat and sufficient moisture has fallen to insure a fine crop. Some farmers claim that already sufficient moisture has fallen to carry the cotton through.

The feed crop is also thriving. This year farmers will not be forced to buy their needs in feed as there will be plenty raised in this section for home consumption. This will ease the farmers greatly in a financial way.

The boll weevils now infesting the cotton are said to be only mature worms and at present there is no sign of young. The hot weather will likely cause the old ones to die off without leaving young to destroy the plants. Leafworm has made appearance only in the northeastern part of Wilbarger county and effective use of arsenic will prevent its spreading to other fields.

PUGILIST BURNS TO DEATH IN TOLEDO, WASHINGTON

Tacoma, Wash., Aug. 20.—(AP)—Billy McVee, a Hoquiam, Wash., pugilist, better known as Kid Ritchie, was burned to death in the town jail at Toledo, Wash., last night when fire of undetermined origin destroyed the building.

McVee was to have appeared on a smelter program at Toledo but was jailed early in the evening on a charge of drunkenness.

Order Ship Sent Abroad.
Annapolis, Md., Aug. 20.—(AP)—Decision to send the Mercury racer, Lieut. Alford J. Williams' tiny but powerful plane abroad this week to compete in the Schneider Cup races without any further tests here was announced at the naval academy today.

NOW FIT FROM HEAD TO FOOT

"The Sargon treatment built up my whole system and I feel better and stronger than I've felt in years."

"My health had been going back on me for three years, mainly from a bad case of stomach trouble. I could not eat a meal that didn't make me suffer from dyspepsia and indigestion pains. Even the lightest foods soured on my stomach and brought sharp pains that almost took my breath. I was bothered all the time by constipation and biliousness and was always having headaches."

"I have used two bottles of Sargon now and am keeping up the treatment. Almost as soon as I started it the pains in my stomach disappeared and I never have indigestion. I can eat anything I want and never have those headaches any more. The Sargon Soft Mass Pills completely rid me of constipation and biliousness without the slightest upsetting. I'm in such fine health now in every way that I want to tell everybody about this wonderful treatment."—W. T. Farmer, 5951 Capital St., Dallas. Huber's City Drug Store, agents. Adv.
